**APPLYING FOR GRADUATE HOUSING**

**HOW TO APPLY**

Apply online through Axess (axess.stanford.edu). Submit your application between May 24, 2020 and June 10, 2020 to participate in the first round Lottery.

- New students are only guaranteed housing if they apply by the June 10 deadline, and select “assign me to any residence for which I am eligible” as their final application choice.
- Continuing students must renew by the June 10 deadline.

If you apply after the June 10 deadline, you will receive a sequential application number based on the date you submit your application.

You will need a SUNet ID to apply for housing. Instructions for obtaining a SUNet ID are included in your admission mailing. Please set up your SUNet ID immediately after receiving your letter of admission. You should be able to apply for housing in Axess within about 48 hours of creating your SUNet ID.

On your application, you will select the quarter you want your housing to start, your category of housing (single, couple without children, or student with children) your requested move-in date, and rank all your residence choices.

To improve your chances of being assigned to your desired housing, rank ALL apartment locations in the order you would like to be assigned until you have no further preferences.

We are not able to make assignments for summer 2020 due to COVID-19. If you have an extraordinary situation and need housing for summer, file a petition in Axess under Forms and Petitions on the Housing and Dining section.

**DISABILITY/MEDICAL ACCOMMODATIONS**

If you, your spouse, partner or child have particular housing needs due to a documented disability or medical condition, you may participate in the Medical Accommodation Lottery, which takes place prior to the main Lottery. More information is available at rde.stanford.edu/studenthousing/medical-accommodations

- Register with the Office of Accessible Education by May 30.
- Submit a housing accommodation request form with the Office of Accessible Education by May 30.
- Submit a housing application in Axess by May 30.

**REASSIGNMENTS**

After the Lottery assignments are announced, students may apply for reassignment. Reassignments will begin each quarter after the demand from unassigned students is met.

If your family status changes, you should apply for housing in your new category as soon as you know about the change in family status.

**ROOMMATES IN SHARED HOUSING**

If you are a single student assigned to a shared apartment, your roommate will be matched based on the roommate preferences you list on your application. If you would like to live with specific friends, you are able to apply with a group of up to four students. If all group members have the same priority level and are the same gender, they are likely to be kept together.

This is an exciting year in Residential & Dining Enterprises (R&DE) Student Housing. When the new Escondido Village Graduate Residences (EVGR) open in the fall, we will welcome an additional 2,423 graduate students to their new Stanford homes. This represents a net increase of 1,200 spaces (for a total of 7,200 spaces) and means we will be able to offer university-assigned housing to many more students than we have in the past. We strongly encourage all students interested in living on campus to apply through the lottery as even those without housing priority may be assigned to campus housing.

Stanford offers a variety of on- and off-campus housing options for graduate students. Apartment configurations range from studio to four bedrooms, suitable for singles, couples and students with children.

HOW ASSIGNMENTS ARE MADE

R&E Student Housing uses a lottery to assign housing to graduate students. You are assigned according to (1) your assignment priority level, (2) a random lottery number and (3) your housing choices.

When the program gets to your priority level and lottery number, it will place you into the highest available residence on your preference list. If all of the residences you have listed are full, you will be assigned by your final choice.

If you select “assign me to any residence for which I am eligible,” you could be assigned to any on-campus housing option except the most expensive housing options in Munger and the GSB Residences and the premium studios for single graduate students. The system will assign you to a residence that is left over at the end of the process.

If you select “assign me only to the residences I have listed,” you will not be assigned if we cannot assign you to a residence you have listed. First-year students who select this option and are not assigned in the first round will be able to join future assignment rounds with high priority but are no longer guaranteed.

In either case, we strongly recommend that you rank as many choices as possible to improve your chance of being assigned by your preferences.

FIRST-YEAR GRADUATE STUDENTS

If you are enrolled in a Stanford graduate degree program for the first time, housing is guaranteed for your first year if

- You apply by the Lottery deadline - June 10, 2020.
- You select “assign me to any residence for which I am eligible” as your final application choice.

(Students selecting this choice will not be assigned to Munger, the GSB Residences, off-campus options or the premium studios for single students unless they have specifically listed them.)

If you apply after the deadline or have restricted housing choices, you will lose your first-year guarantee. However, you will still be considered with high priority for housing before continuing students and students with no priority.

Your first-year assignment priority is only effective during your first academic year of graduate study. It cannot be used later even if you are admitted to an additional degree program.

Students beginning a second graduate degree program are considered continuing students. Co-terminal students are considered continuing students with a low priority and are not guaranteed housing.

ORDER FOR ASSIGNING STUDENT HOUSING

1. Student staff and students needing medical accommodations.
2. Students living on campus with medium priority who are renewing their spring housing for the next year.
3. Students living in subsidized off-campus housing with medium priority who apply for the same category.
4. Guaranteed first-year students who applied by the deadline and have chosen to be assigned to any residence for which they are eligible.
5. First-year students with high priority who limited their housing choices or applied after the Lottery deadline.
6. Students with medium priority who are not renewing.
7. Students with low priority.
8. Students with no priority.

CONTINUING STUDENTS

After Your First Year

Your options after your first year are based on your housing priority. (See chart on next page.)

- Students with medium priority who want to stay in the same apartment may be able to renew annually and bypass the first-round Lottery. (This can be done in Axess.)
- Students who want to change residences or who are not eligible to renew their housing should join the first-round Lottery.

CHART LEGEND

G/H = High Priority | Can apply through Lottery

- Students in the first year of their first graduate degree program at Stanford (does not include co-terminal students) are guaranteed housing, (G) if they apply by the Lottery deadline and are willing to accept any assignment.
- First-year students who miss the deadline or are not willing to accept any assignment are no longer guaranteed but are given a high priority (H) and are considered for housing before students with lower priority levels.

M = Medium Priority | Can renew if in on-campus housing

- Continuing doctoral students with priority years who have already had a year of guarantee or high priority.
- Master’s students applying for a second year of housing who are living in students with children housing.

L = Low Priority | Cannot renew but can apply through Lottery

- Master’s students applying for a second year of housing who are living in single graduate or couple without children housing.
- Co-terminal students in the first year of eligibility for graduate housing who have used their four years of undergraduate housing.

N = No Priority | Cannot renew but can apply through Lottery

- Students who have used their housing priority years.

Special Off-campus Priority for Lottery 2020

Doctoral students living in the off-campus subsidized apartments who are applying for the same category will have a special priority to on-campus housing and their off-campus residence, if available in the 2020 Lottery. They will be assigned ahead of first-year students.

Random Lottery Number

The best numbers (lowest numbers) are randomly assigned to students who apply for housing by the Lottery deadline. Students who miss the first-round deadline will receive a sequential number based on the date the application was submitted.

Assignment Priority is determined by:

1. Your student status (first-year or continuing graduate student)
2. Your degree program (PhD, master’s, etc.)
3. The total number of years you have lived in graduate housing

#### Rains Houses
One of Stanford’s largest housing complexes, Rains accommodates single students in two bedroom, one-bath and four bedroom, two-bath apartments located in three-story buildings clustered around lawns and courtyards. This residence includes fragments of the Hacienda – an adobe winery built in 1875 – and a restored Buttery from the same era.

#### Lyman Graduate Residences
Located on the west side of campus, close to the Medical Center and the Science and Engineering Quad, this complex includes two residential buildings housing single students in two bedroom, one-bath apartments. Common areas are located in the central commons building.

#### GSB Residences
Stanford’s Graduate School of Business (GSB) manages the GSB Residences, located across from the GSB on Jane Stanford Way.

Jack McDonald Hall and Schwab Residential Center offer studio apartments with shared kitchens. Most spaces are assigned to first-year GSB students.

Note: The GSB Residences are not automatically included if you indicate on the housing application that you are willing to be assigned anywhere.
Kennedy Graduate Residences

In Escondido Village
Apartments include premium two-bedroom, two-bath apartments with shared living room and kitchen, junior two-bedroom, two bath units with shared kitchens for single students, and premium studios available to couples. Each student has a private bedroom and bathroom.

Note: The premium studios are not automatically included for single graduates if you indicate on the housing application that you are willing to be assigned anywhere.

Escondido Village & Escondido South Low Rises
Home to couples, families and single students in one- to four-bedroom apartments. These units are located in one- and two-story low rise buildings arranged around grassy fields, picnic areas and communal courtyards. Family apartments have fenced patios and access to gated play areas.

Note: Munger is not automatically included if you indicate on the housing application that you are willing to be assigned anywhere.

Munger Graduate Residence
Conveniently located, Munger’s five apartment buildings are adjacent to the Law School and a short walk from White Plaza.

Studies and a limited number of one-bedroom apartments are available to couples. Studios, two- and four-bedroom apartments are available for singles. Each student has a private bedroom and bathroom. Law students have priority for assignment for 50% of Munger spaces.

The Market at Munger, in Jacobson-Sorensen Hall, offers fresh produce, grab-and-go meals and a number of grocery and household items.

Escondido Village also includes two 12-story towers, Blackwelder and Quillen. Each building has 110 junior two-bedroom, one bath apartments shared by two single students. Common spaces in each building include lounges for social activities, barbecue and picnic areas, computer clusters, and a piano practice room.

Escondido Village Mid Rises and High Rises
Five eight-story mid-rise buildings -- Abrams, Barnes, Hoskins, Hulme and McFarland -- offer one-bedroom apartments for couples without children. Each apartment has a sliding glass door that opens onto a balcony. In McFarland, all units have been remodeled into junior two-bedroom, one bath apartments for two single students. The kitchen was enclosed and the living room was converted into a second bedroom with a large closet and locking bedroom door. McFarland is assigned as a junior two-bedroom, one bath apartment for two single graduate students or as a one-bedroom, one bath compact for a couple. Lounges, lounges, and other common spaces provide areas for social activities.

Escondido Village Studios
Six buildings in Escondido Village accommodate 834 graduate students in single-person and couples without children studio apartments. Each studio provides about 325 square feet of space, and combines living and sleeping quarters that include a kitchen and private bathroom. Common areas in each of the six buildings include lounges, computer clusters, and laundry facilities.

OFF-CAMPUS GRADUATE HOUSING CHOICES 2020-21

OFF-CAMPUS APARTMENTS

Stanford has housed graduate students in apartment communities within Palo Alto, Menlo Park, Mountain View and Redwood City. These off campus housing choices will be available to rank on your housing application. Assignment to these spaces will be based on the overall applicant demand and COVID-19 related requirements. Because we do not know the number of spaces we will assign off-campus, students listing these choices should also rank on-campus housing options. It is important to note that students assigned to these off-campus complexes may have to relocate to campus during the academic year if demand for on-campus housing changes and they are not able to renew for 2021-22.

Students are also not eligible to sublease their rooms. Each location promotes a sense of community and is accessible to public transportation (see transportation. stanford.edu/transit) and/or bicycle routes to campus. Most communities are within walking distance of shops and restaurants, and some are on or near a Stanford Marguerite shuttle route. Amenities vary and may include swimming pools, hot tubs, tennis courts, exercise rooms and rentable community rooms.

Visit rde.stanford.edu/studenthousing/campus-subsidized-apartments for further information including photos and floor plans. Most options for single students are two-bedroom, double occupancy and three-bedroom, triple occupancy apartments that allow students to have their own bedroom in a shared apartment. Oak Creek is the closest property to campus with the largest concentration of students. Its many social activities lend the complex a resort-like atmosphere. Apartments in Menlo Park are either near downtown or in the Sharon Heights neighborhood. Apartments in Redwood City and Mountain View are further away from Stanford, but are newly built.

Options for couples include studio and one-bedroom apartments in Palo Alto and Menlo Park.

OFF-CAMPUS GRADUATE HOUSING DETAILS

- Rental housing is available near Stanford, but the university is located in a highly desirable suburban area in the heart of Silicon Valley. Consequently, off-campus rental rates are relatively high compared to many other regions of the United States. More affordable options can be found if you look a little further from campus.
- To check local rental listings accessible only to Stanford students and affiliates, visit R&D Student Housing’s Community Housing website at offcampus.stanford.edu.

You will be directed from there to the rental listings, which are available through the Places4Students website. To view the rental listings, you will either need a Stanford email address or you can contact Community Housing with proof of your affiliation for a temporary password.

If you expect to live off campus, plan to arrive at Stanford at least two weeks early so you have the best range of housing choices.

LOOKING FOR OFF-CAMPUS APARTMENTS ON YOUR OWN

Rental housing is available near Stanford, but the university is located in a highly desirable suburban area in the heart of Silicon Valley. Consequently, off-campus rental rates are relatively high compared to many other regions of the United States. More affordable options can be found if you look a little further from campus.

To check local rental listings accessible only to Stanford students and affiliates, visit R&D Student Housing’s Community Housing website at offcampus.stanford.edu.
We encourage you to discuss your individual needs with Pre-Clinical MD and MSPA students. Although you won’t have utility bills while living on campus, you can still obtain a bank account and cell phone bill with your new address. It is important that you ensure your child has had the appropriate immunizations so registration is not delayed. (Go to pausd.org for details.) The TB Risk Assessment form must be completed by a U.S. health professional. International students should plan on doing this as soon as possible after arrival in the U.S.

There is a small possibility that there will not be space at the closest school to your home. If so, you will be assigned to another PAUSD school and have priority to move to the closest one when space is available.

Check-ins are generally from 1 p.m. to 4 p.m. at your Housing Front Desk. Contact your Housing Front Desk if you need to check in earlier than the established move-in dates or outside of posted Front Desk hours: housingfrontdesk@stanford.edu.

If you cannot check in during our business hours, Monday-Friday, 8 a.m.-5 p.m., please call (650) 725-1602 for after-hours check-in assistance. When calling that number, a Student Housing representative will meet you at the respective Front Desk or designated area to provide you with your apartment keys. Please have your picture ID ready.

Housing charges will be prorated based on your selection of the listed move-in dates.

Pre-Clinical MD and MSPA students have a special process to request an earlier move in before orientation. Not all residences or group assignments will be available for early arrival.

Students may also eat at any of eight dining halls across campus. Stanford Residential & Dining Enterprises (R&DE) offers award-winning dining services including:

- High-quality, seasonal, made from scratch, wholesome food options.
- Plus, show your valid student ID to take advantage of the sales-tax exemption for food purchases in Stanford-owned and operated cafes. Save nearly 20% by frequenting Stanford-operated retail locations.
- R&DE cafés & Dining Halls
