IMPORTANT NOTE ABOUT OFF-CAMPUS HOUSING:
While off-campus housing choices will be available to rank on the 2022-23 Lottery application, assignment to these spaces will be based on the overall applicant demand and COVID-19 related requirements. Because we do not know the number of spaces we will assign off-campus, students listing these choices should also rank on-campus housing options. It is important to note that students assigned to these off-campus complexes may have to consolidate within a complex or relocate to campus during the academic year. **Students will not be able to renew for 2023-24.**
